

Gustavsberg Rörsystem drainage series template instructions for MagiCAD for AutoCAD

12/11/2025

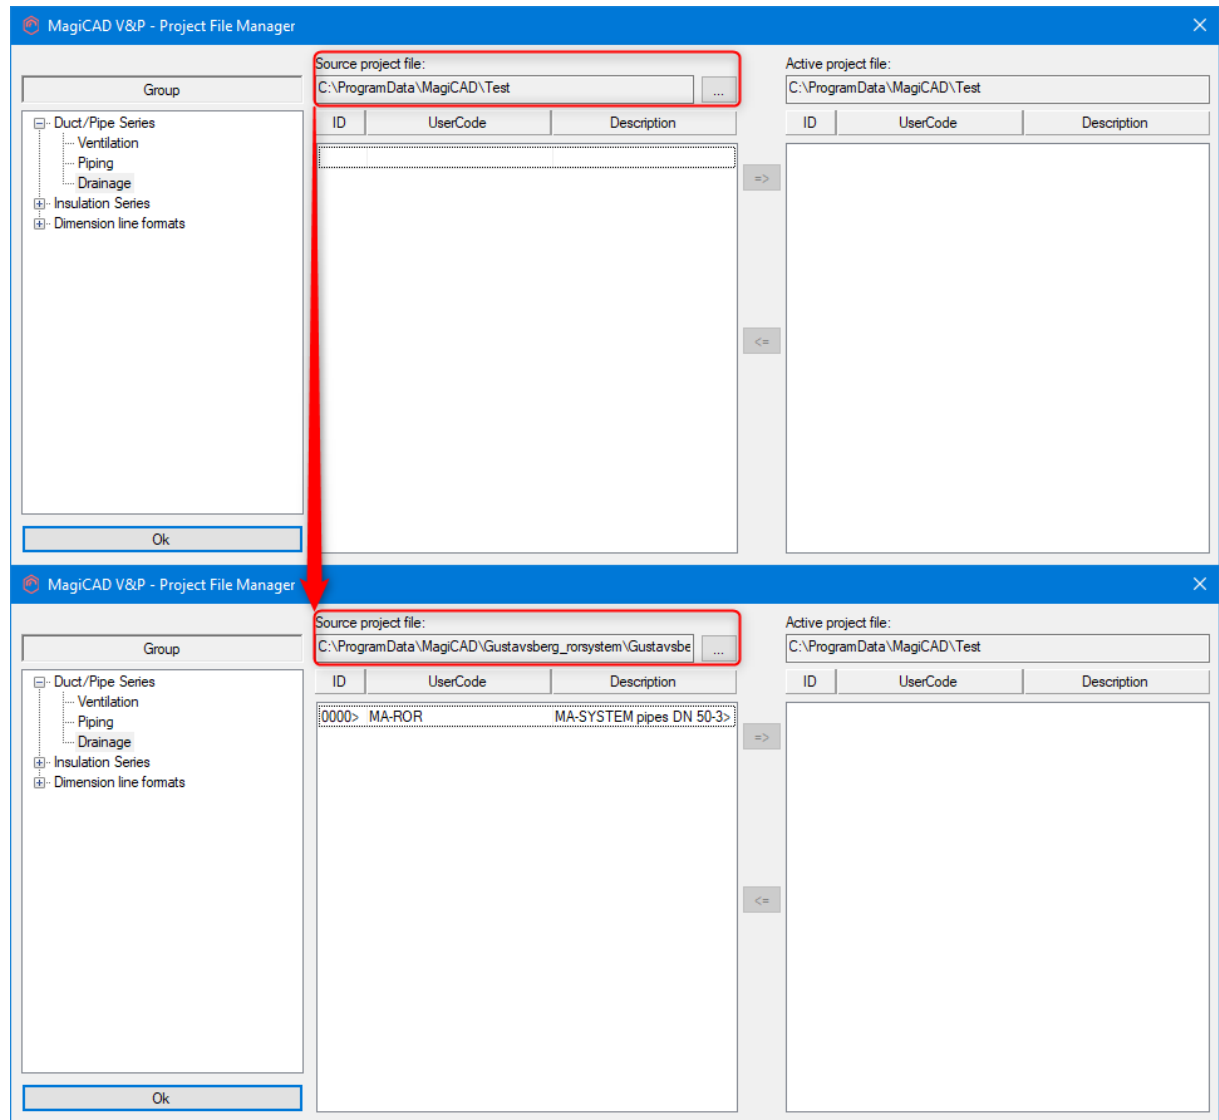

Gustavsberg Rörsystem drainage series template

Taking the template into use

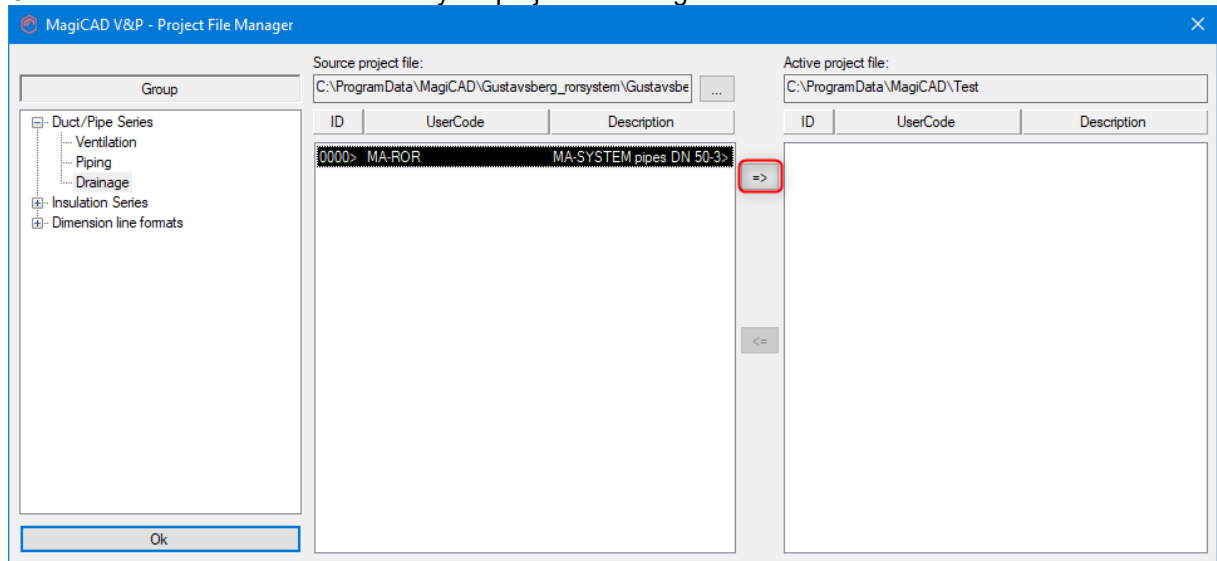

1. Download the .zip file to your computer. Unzip the file to a suitable location.
2. Start MagiCAD, open the project management window, and choose *Pipe series* from the left part of the window.
3. Click the right button of your mouse and choose *Manager*.

4. Change the source project file to GUSTAVSBERG_RORSYSTEM.EPJ.

5. Choose needed series and add it to your project file using the arrow -button.

- MagiCAD V8&P - Project Management - C:\ProgramData\MagiCAD\Test.EPJ
